Maximilian Posch (CCE, RIVM)
Sverre Solberg (CCC, NILU)
Till Spranger (ICP M&M, UBA)
Kees Cuvelier (JRC-EI)
Philippe Thunis (JRC-EI)
Les White (Les White Associates)

EMEP Status Report 2004; October 12, 2004

ISSN 0806-4520

Note that corrections indicated in this Corrigendum are already incorporated in the electronic form of the document available at <http://www.emep.int>

Titlepage (12/10-2004)

The author list has been corrected to include Kees Cuvelier.
Date included.

**Chapter 3: Emission distributions used for source-receptor
calculations and CAFE scenario analysis (12/10-2004)**

The author list has been corrected to include Kees Cuvelier.

The captions in Figure 3.11 have been corrected. The lower left panel should read NO_x/CO and not NO_x/VOC. The lower right panel should read (S8, range 4-25) and not S7 as it is in the printed document.
